

**MASTERCARD® AUTOMATIC BILLING UPDATER
OPT OUT**

MasterCard Automatic Billing Updater is a service that automatically facilitates the secure exchange of your updated debit card information to participating merchants with whom you have saved your card information or set up recurring payments, requiring no action on your part.

MasterCard Automatic Billing Updater is only available to participating merchants, and these merchants can choose the frequency at which they check for your updated card information. To avoid late payments and penalties, you must check with your merchant to ensure your card information is updated.

If you do **not** want First National Bank to automatically update your debit card on file to process recurring payments, please complete the information below and submit this form to one of our branches. **Please note that each cardholder must complete his or her own form.** Should you choose to opt out of this service, you will be responsible for providing your new card information to participating merchants. You may incur additional fees from your merchant if you do not provide your updated information in a timely manner.

If you would like more information or have any questions, please call us at 262-673-5800.

I do not want First National Bank to automatically update my debit card on file to process recurring debit card payments.
